**AXIS TO OPERATE PREMIER ENTERTAINMENT LOCATIONS AT THAIWOO RESORT
“CHONGLI BREWING COMPANY”, “BREWHOUSE” AND “CLUB 54” SET TO OPEN WINTER 2016/17**

BEIJING (NOVEMBER 14, 2016) – Axis Leisure Management is excited to announce that it has expanded its long standing management relationship with Thaiwoo Resort to now include the operation of its marquis entertainment facilities.

Thaiwoo Resort opened to the public in December 2015 and has been rapidly converting its world class plan into reality. Opening for Winter 2016/17, customers will see three full service hotels including Starwood Groups, Elements by Westin; multiple local and international dining options featuring Western, Korean & Japanese cuisines, and a wide variety of shopping opportunities including many of the world’s leading brands in their first flagship outings, Burton, Bogner, GoPro, Arcteryx, Patagonia and Phenix, to name just a few.

In the heart of the Resort Village, Axis Leisure Management will launch Chongli’s first and only Micro-Brewery – the “Chongli Brewing Company” which will service all venues throughout the resort and most notably at the 375 seat, 2 story ‘beachfront’ Brewhouse. Designed with the objective of replicating the much desired ‘Apres Ski’ culture of Europe and North America, this fabulous venue will operate year round and offer hours of entertainment for a wide variety of groups and individuals. The sweeping outdoor deck at the base of the ski run will become the ‘go-to’ venue for anyone and everyone. Also under the design and operational guidance of Axis, will be “Club 54”, a more serene high end “wine and cigar” destination for the late night enthusiast. Club 54 will also offer a unique opportunity for the ‘recreational’ poker and mahjong player.

At the epicenter of China’s successful 2022 Winter Olympic Bid – Thaiwoo Resort in Chongli has quickly established itself as an Industry leader, and continues to develop and define the Ski Industry in China with world class installations, operations and inspirations – carefully crafted to suit the evolving and discerning tastes of the domestic resort visitor.
